Nicole - I am resending you my email from earlier this week because I understand that you have had email issues. Garry Griffith will be sending the specific request for additional time to submit the revised FS for Area 1 to Jim Saric. If you have any questions or wish to discuss, please give me a call.

Nicole - As I indicated in my voice mail, following up on the 60 day tolling of the dispute resolution deadline recently granted by EPA, GP will be seeking an extension to the deadline to submit the revised FS for Area 1, which is currently due on or about March 22. Garry Griffith will be submitting the request to Jim Saric. Please give me a call if you have any questions or wish to discuss. Thanks.

Attached please find a letter confirming EPA's agreement to toll the dispute resolution deadline for 60 days. By my calculations that new date would be April 21, 2013.
